mining sector summary RA 2018January.docx

I already sent the paper up to the RAs office as there was a firm deadline.

**Non-responsive: Material unrelated to Bristol Bay/Pebble Mine**

I expect that I will need to revise it at some point. So, in your spare time please send me any comments. No rush at this point.

Thanks-  
Patty

Hi Sheila-  
Here is the request from Michelle and Kendra.

**Non-responsive: Material unrelated to Bristol Bay/Pebble Mine**

Thanks in advance for any help that you can provide. I will be working on this tonight since I have a calls in the morning.

Beth sent me the attached spreadsheet a few months ago and that has been helpful.

thanks

Patty

FYI: Chris is leaving midday tomorrow and won't be back in the office before he leaves for his trip on Monday. Would you be able to get us something by 10:00 tomorrow AM?

Thanks, and sorry for the short notice!

Kendra

Hi Marcia and Jim,

As I mentioned at ET Chris will be asked to highlight three regional priorities at the RAs meeting next Tuesday. Since one of the areas he will cover is large resource extraction projects, I thought it would be good for him to have our most recent compilation of those for background/airplane reading.

I know that Hahn keeps a list with a brief project summary and I'm thinking Patty does the same. Could you please send Linda and Kendra the most recent version you have? Chris will be traveling on Monday, so we would need this ASAP, but at least by mid-day tomorrow.

Let me know if questions.

Thank you!

Michelle
